## TECHNISOURCE TEAMS WITH WITI ON EXECUTIVE AUCTION AND ROUNDTABLE AT WOMEN POWERING TECHNOLOGY SUMMIT

*Proceeds from executive auction to advance Women in Technology Foundation*

FORT LAUDERDALE, Fla., September 26, 2011 — [Technisource](#), one of the largest technology staffing and services providers in North America, today announced they are proudly sponsoring the [WITI Executive Auction](#) and moderating the timely executive roundtable discussions on “Hiring and Advancing More Women” on October 4<sup>th</sup> during the Annual Women Powering Technology Summit at the DoubleTree by *Hilton*<sup>®</sup> Hotel in San Jose, California, October 2-4, 2011. Technisource will also be exhibiting at booth #26 during the 3-day WITI Summit. The company’s participation in WITI events is a continuation of Technisource’s commitment to advancing women in the technology field.

“WITI is thrilled to have the support and active participation of Technisource in our continued efforts to address and create solutions to eliminate the challenges women face in securing executive and board leadership roles in the technology industry,” says WITI Founder and Chairwoman, Carolyn Leighton.

Sean Ebner, Western RVP for Technisource, chaired the Executive Auction Committee for 2011 and was responsible for coordinating the high-level executives for the auction. The [WITI Executive Auction](#) will be held on October 4<sup>th</sup> from 5:15-7:00pm in the Gateway Ballroom at the DoubleTree, with all proceeds going to the Women in Technology Foundation. The foundation supports the WITI Hall of Fame Awards, which honors the contributions of women to science and technology and formally recognizes leaders who have demonstrated a commitment to empowering other women. The Women in Technology Foundation also supports WITI NextGen, a young women’s micro conference designed to encourage young women and girls to consider careers in science and technology.

Prior to the auction, Sean Ebner will be facilitating an executive roundtable on October 4<sup>th</sup> at 3:30pm in the Gateway Ballroom. The discussion will focus on “Hiring and Advancing More Women” - a timely topic given the disproportionate number of men vs. women executives in technology.

(more)

“WITI plays an essential role in helping craft the career paths necessary to bring more women into the top executive roles,” stated Sean Ebner. “We look forward to discussing the topic during the executive roundtable, but more importantly, coordinating together to create actionable items to help solve this ongoing problem.”

#### **About Technisource**
