Technisource to Manage IT Operations for Select-Remedy

Firm will Provide I.T. Consulting, Management and Integration Services

DALLAS - (August 21, 2006) - Technisource, a national information technology and engineering services provider, has been chosen by SelectRemedy, a \$1 billion staffing company, to manage information technology services. The two-year service agreement also includes technology integration and strategy consulting.

"It is an honor to have earned the trust of SelectRemedy to perform such a vital business function," said David McLaughlin, principal with Technisource Management Services. "Technisource specializes in providing strategic IT services with the industry's best talent. We look forward to helping SelectRemedy continue their success and achieve future growth."

Santa Barbara, Calif.-based SelectRemedy recently formed after the acquisition of RemedyTemp by Select Personnel.

Technisource will be responsible for managing the former RemedyTemp IT operations for SelectRemedy as well as providing technology strategy and system integration support for the merger of the two company's technologies.
